

Export Trade Control Order

(Cabinet Order No. 378 of December 1, 1949)

The Cabinet hereby enacts this Cabinet Order based on the provisions of Article 26, Article 48, Article 49, Article 67, and Article 69 of the Foreign Exchange and Foreign Trade Control Act and the provisions of paragraph (4) of the Supplementary Provisions, and for purpose of implementing that Act.

(Permission for Export)

Article 1 (1) The export of certain kinds of goods to certain regions that is specified by Cabinet Order, as provided in Article 48, paragraph (1) of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949; hereinafter referred to as "the Act"), means the export of the goods set forth in the middle column of Appended Table 1 to the regions set forth in the right-hand column of that table.

(2) A person seeking permission under Article 48, paragraph (1) of the Act must file an application for permission in accordance with the procedure specified by Order of the Ministry of Economy, Trade and Industry.

(Export Approval)

Article 2 (1) A person seeking to undertake an export of goods that falls under any of the following items must obtain the approval of the Minister of Economy, Trade and Industry in accordance with the procedure specified by Order of the Ministry of Economy, Trade and Industry:

(i) exports of goods set forth in the middle column of Appended Table 2 to the regions set forth in the right-hand column of that table;

(i)-2 exports of goods set forth in Appended Table 2-2 (excluding goods set forth in the middle column of row 1, row 36, row 39 to row 41, and row 43 to row 45 of Appended Table 2) to North Korea;

(ii) exports of goods under a contract for trade under a processing deal through which the relevant person entrusts a contractor in a foreign country with processing undertaken in a foreign country (limited to if the whole or part of the processing under that contract for trade under a processing deal constitutes the processing specified by the Minister of Economy, Trade and Industry (hereinafter referred to as "designated processing")) (limited to raw materials for processing that will be used in processing under that contract for trade under a processing deal that constitutes designated processing; that the Minister of Economy, Trade and Industry specifies based on the categories of designated processing; and that are associated with the

- processing that constitutes the relevant designated processing).
- (2) The Minister of Economy, Trade and Industry must, in order to grant approval under item (i) of the preceding paragraph for the goods set forth in the middle column of row 30 and row 33 of Appended Table 2, obtain the consent of the Minister of Agriculture, Forestry and Fisheries in advance.
- (3) With respect to the goods set forth in the middle column of row 35-2, (ii) and row 43 of Appended Table 2, the Minister of Economy, Trade and Industry is to grant approval under paragraph (1) only if permission or confirmation for export has been obtained under other laws and regulations.

Article 3 Deleted

(Special Provisions)

Article 4 (1) The provisions of Article 48, paragraph (1) of the Act do not apply in the following cases; provided, however, that this is not the case for the goods set forth in the middle column of row 1 of Appended Table 1:

- (i) if a person seeks to export goods which have been landed temporarily and forwarded with a bill of lading (including airway bills and other instruments equivalent to bills of lading) to a region other than Japan (referred to as "temporarily landed goods destined for foreign countries" in item (iii) and item (iv)) (except for cases falling under any of the following, if the person seeks to export goods to a region other than those set forth in Appended Table 3):
- (a) if it has been specified by Order of the Ministry of Economy, Trade and Industry as a case in which the goods are likely to be used for the development, manufacture, use, or storage (referred to as "development, manufacture, use, or storage" in (b) and item (iii)) of a nuclear weapon; of a chemical warfare agent, a biological warfare agent, or a device for spraying one of these agents; or of a rocket or unmanned aerial vehicle capable of transporting one of these, with a range or flight range of at least 300km (hereinafter referred to as an "NBC or associated device" in (b), item (iii), and Article 14);
- (b) if the person has been notified by the Minister of Economy, Trade and Industry that an application for permission should be filed because the goods are likely to be used for the development, manufacture, use, or storage of an NBC or associated device;
- (ii) if a person seeks to export any of the following goods:
- (a) vessel or aircraft supplies to be used for foreign vessels or aircrafts;
- (b) aircraft parts as well as machines and apparatuses mounted on aircrafts to be used for the safe arrival and departure or navigation of aircrafts and parts thereof, which need repair and are exported without charge;

- (c) goods sent by international organizations, which are exempted from export restrictions under a treaty or other international agreement that Japan has signed;
 - (d) goods for public use sent to Japanese embassies, legations, consulates, and other equivalent facilities;
 - (e) goods that a person has imported without charge on the premise that it will export them without charge, and which the Minister of Economy, Trade and Industry specifies by public notice;
 - (f) goods that a person is exporting without charge on the premise that it will import them without charge, and which the Minister of Economy, Trade and Industry specifies by public notice;
- (iii) if a person seeks to export goods set forth in row 16 of Appended Table 1 (excluding temporarily landed goods destined for foreign countries) to a region set forth in the right-hand column of the same row, and this does not fall under any of the following (and does not fall under any of (a), (b), or (d), if the person seeks to export goods to a region other than those set forth in Appended Table 3-2):
- (a) an instance that is specified by Order of the Ministry of Economy, Trade and Industry as a case in which the goods are likely to be used for the development, manufacture, use, or storage of an NBC or associated device;
 - (b) an instance in which the person has been notified by the Minister of Economy, Trade and Industry that an application for permission should be filed because the goods are likely to be used for the development, manufacture, use, or storage of an NBC or associated device;
 - (c) an instance that is specified by Order of the Ministry of Economy, Trade and Industry as a case in which the goods are likely to be used for the development, manufacture, or use of the goods set forth in the middle column of row 1 of Appended Table 1 (excluding goods falling under the category of an NBC or associated device; the same applies in (d));
 - (d) an instance in which the person has been notified by the Minister of Economy, Trade and Industry that an application for permission should be filed because the goods are likely to be used for the development, manufacture, or use of the goods set forth in the middle column of row 1 of Appended Table 1;
- (iv) if a person seeks to export goods set forth in the middle column of rows 5 to 13 or row 15 of Appended Table 1, the total value of which is not more than 1,000,000 yen (or 50,000 yen in the case of goods set forth in Appended Table 3-3) (excluding temporarily landed goods destined for foreign countries) to a region other than those set forth in Appended Table 4 (except for cases falling under any of (a), (b), or (d) of the preceding item (iii) if that person seeks to export goods to a region other than those set forth in Appended

- Table 3 (or except for cases falling under any of (a) to (d) of that item if that person seeks to export goods to the regions set forth in Appended Table 3-2 (excluding Iraq and North Korea)).
- (2) The provisions of Article 2 do not apply in the following cases; provided, however, that this is not the case for goods set forth in the middle column of rows 37 to 41 and rows 43 to 45 of Appended Table 2:
- (i) if a person seeks to export goods which have been landed temporarily; provided, however, that this excludes a case in which a person seeks to export goods set forth in the middle column of row 1, row 35, and row 35-2 of Appended Table 2 (or goods set forth in the middle column of row 1 and row 35-2, (i) of that table that the Minister of Economy, Trade and Industry specifies by public notice);
 - (ii) if a person seeks to export goods set forth in Appended Table 5; provided, however, that this excludes a case in which a person seeks to export the following goods:
 - (a) goods set forth in the middle column of row 1, row 35-3, (i) and (vi), row 35-4, and the middle column of row 36 of Appended Table 2 (for the goods set forth in row 35-3, (i) and (vi) of that table, this is limited to those that the Minister of Economy, Trade and Industry specifies by public notice);
 - (b) goods set forth in Appended Table 5, item (ii), which are also set forth in the middle column of row 35 and row 35-2 of Appended Table 2;
 - (c) goods set forth in Appended Table 5, item (ii) and item (iii), which are also set forth in Appended Table 2-2 and would be exported to North Korea;
 - (iii) if a person prescribed in Article 10, paragraph (2) of the Act on Waste Management and Public Cleansing (Act No. 137 of 1970) (including as applied *mutatis mutandis* pursuant to Article 15-4-7, paragraph (1) of that Act) seeks to export goods set forth in row 35-2, (2) of Appended Table 2; provided, however, that this excludes a case in which a person seeks to export goods set forth in row 35-3, (i) and (vi) of Appended Table 2 (limited to those that the Minister of Economy, Trade and Industry specifies by public notice);
 - (iv) if any person set forth in the left-hand column of Appended Table 6 seeks to export goods set forth in the right-hand column upon departure from Japan by personally carrying the goods or by sending them separately after filing a declaration with Customs; provided, however, that this excludes a case in which a person seeks to export goods set forth in the middle column of row 1, row 35-3, (i) and (vi), and the middle column of row 35-4 of Appended Table 2 (for goods set forth in row 35-3, (i) and (vi) of that table, limited to those that the Minister of Economy, Trade and Industry specifies by public notice), a case in which a person departing from Japan after having entered temporarily seeks to export goods set forth in row 36 of that table

(excluding those that the Minister of Economy, Trade and Industry specifies by public notice), and a case in which the crew member of a vessel or aircraft seeks to export goods set forth in Appended Table 2-2 to North Korea.

- (3) Beyond in the cases prescribed in the preceding paragraph, the provisions of Article 2, paragraph (1), item (i) do not apply if a person seeks to export goods the total value of which is not more than the amount set forth in the right-hand column of Appended Table 7 for the respective categories of goods set forth in the middle column of that table.
- (4) Beyond in the cases prescribed in paragraph (2), the provisions of Article 2, paragraph (1), item (ii) do not apply if a person seeks to export goods the total value of which is not more than 1,000,000 yen.

(Confirmation by Customs)

Article 5 (1) As instructed by the Minister of Economy, Trade and Industry, Customs must confirm that a person seeking to export goods has obtained permission under Article 48, paragraph (1) of the Act or approval under Article 2, paragraph (1) or is not required to obtain the relevant permission or approval.

- (2) Having made a confirmation under the preceding paragraph, Customs is to inform the Minister of Economy, Trade and Industry of the results of the confirmation as provided by Order of the Ministry of Economy, Trade and Industry.

Article 6 Deleted

(Review of Export)

Article 7 Based on the reports collected under Article 11, the Minister of Economy, Trade and Industry is to examine whether or not the export of goods conforms to the provisions of laws and regulations.

(Valid Period of Permission and Approval)

- Article 8 (1) Permission prescribed in Article 48, paragraph (1) of the Act and approval prescribed in Article 2, paragraph (1) is to be valid for six months from the date of permission or approval.
- (2) On finding it to be particularly necessary to do so, the Minister of Economy, Trade and Industry may set a valid period of permission or approval different from the period set forth in the preceding paragraph or extend the valid period.

(Notice of Sanctions for Violation of Laws and Regulations)

Article 9 Having made a disposition under Article 53, paragraph (1) or paragraph (2) of the Act, the Minister of Economy, Trade and Industry is to

notify Customs to that effect without delay.

(Employees)

Article 10 The employees that are specified by Cabinet Order, as provided in Article 53, paragraph (4), item (i) of the Act, means any employee who falls under either of the following:

- (i) a person that manages the operations at a business office or office or any other person specified by Order of Ministry of Economy, Trade and Industry as being equivalent thereto; or
- (ii) a person that manages operations that have been prohibited pursuant to Article 53, paragraph (1) or paragraph (2) of the Act or any other person specified by Order of Ministry of Economy, Trade and Industry as being equivalent thereto (excluding those set forth in the preceding item).

(Reports)

Article 11 Within the limits necessary for the enforcement of the Act (limited to Chapter VI and Chapter VI-3) and this Cabinet Order, the Minister of Economy, Trade and Industry may collect the necessary reports from a person seeking to export goods, a person that has exported goods, a person that has produced such goods, or any other person concerned.

(Delegation of Authority)

Article 12 The following authority of the Minister of Economy, Trade and Industry is to be delegated to the Directors-General of Custom-Houses:

- (i) the authority to grant approval under Article 2, paragraph (1) with respect to goods set forth in the middle column of rows 39 to 41 and row 43 of Appended Table 2 (excluding goods set forth in the middle column of row 43 of that table that the Minister of Economy, Trade and Industry specifies by public notice);
- (ii) the following authority, within the scope designated by the Minister of Economy, Trade and Industry:
 - (a) the authority for approval under Article 2, paragraph (1) with respect to goods the price of which does not need to be settled in full by a means of payment;
 - (b) the authority for approval under Article 2, paragraph (1) with respect to goods which have been carried, stored, or transported into bonded areas and are to be shipped back from the bonded areas;
 - (c) the authority under Article 67, paragraph (1) of the Act to attach conditions to approval set forth in (a) or (b);
 - (d) the authority to extend the valid period of permission under Article 48, paragraph (1) of the Act or approval under Article 2, paragraph (1),

pursuant to Article 8, paragraph (2).

(Acts of Government Organs)

Article 13 (1) The provisions of this Cabinet Order do not apply if the Minister of Economy, Trade and Industry exports goods.

(2) The provisions of Article 5 apply mutatis mutandis to the case set forth in the preceding paragraph.

(Goods That Are Especially Likely to Be Used for the Development, Manufacture, Use, or Storage of an NBA or Associated Device)

Article 14 The goods that are specified by Cabinet Order, as prescribed in Article 69-6, paragraph (2), item (ii) of the Act, means those set forth in row 1 (excluding (v), (vi), and (x) to (xii)) of Appended Table 1 and those set forth in the middle column of row 2 to row 4 of that table (excluding an NBC or associated device).

Supplementary Provisions [Extract]

(1) This Cabinet Order comes into effect as of the date of promulgation.

(2) A person that has obtained permission for export under the provisions of an order based on the Order on Temporary Measures for Trade, etc. (Imperial Order No. 328 of 1946) before this Cabinet Order comes into effect is to be deemed to have obtained permission set forth in Article 1, paragraph (1).

(3) Up until April 13, 2019, the term "goods set forth in Appended Table 2-2 (excluding goods set forth in the middle column of row 1, row 36, row 39 to row 41, and row 43 to row 45 of Appended Table 2) to North Korea" in Article 2, paragraph (1), item (i)-2 is to be deemed to be replaced with "goods (excluding goods set forth in the middle column of row 1, row 19 to row 21-3, row 25, row 30, row 33, row 35 to row 41, and row 43 to row 45 of Appended Table 2-1) to North Korea"; the term "goods set forth in Appended Table 5, item (ii) and item (iii)" in Article 4, paragraph (2), item (ii), (c) is to be deemed to be replaced with "goods set forth in Appended Table 5, item (ii), which are exported to North Korea, and goods set forth in item (iii) of that table"; the term "of that table" in paragraph (3) of that Article is to be deemed to be replaced with "of that table; provided, however, that this is not limited to goods which are exported to North Korea"; and the term "Articles 2 and 4" in Appended Table 2-2 is to be deemed to be replaced with "Article 4".

(2) Prior law continues to govern the applicability of penal provisions to an action that a person undertakes before this Cabinet Order comes into effect (with regard to the amending provisions prescribed in the proviso to the preceding paragraph, the relevant amending provisions).

**Supplementary Provisions [Cabinet Order No. 269 of July 30, 2014]
[Extract]**

(Effective Date)

Article 1 This Cabinet Order comes into effect as of the effective date of the Amended Act (November 25, 2014).

Appended Table 1 (Re: Articles 1 and 4)

	Goods	Regions
1	(i) Firearms, ammunition therefor (including those used in the emission of light or smoke), or accessories or parts thereof (ii) Explosives (excluding ammunition), explosive dispensers or launchers, or accessories or parts thereof (iii) Propellants (excluding explosives) or military fuels (iv) Stabilizers for propellant powders or other explosives (v) Directed energy weapons or parts thereof (vi) Kinetic energy weapons (excluding firearms) or projectiles, or parts thereof	All regions

	<p>(vii) Military vehicles, their accessories, bridges specially designed for military use, or parts thereof</p> <p>(viii) Military vessels, their hulls or accessories, or parts thereof</p> <p>(ix) Military aircraft, their accessories, or parts thereof</p> <p>(x) Antisubmarine nets, anti-torpedo nets, or buoyant electric power cables for magnetic mine sweeping</p> <p>(xi) Armor plates, military helmets, body armors, or parts thereof</p> <p>(xii) Military searchlights or control equipment therefor</p> <p>(xiii) Biological warfare agents, chemical warfare (CW) agents, radioactive materials, or equipment or parts for the dissemination, protection, decontamination, detection, or identification thereof</p> <p>(xiii)-2 Chemical mixtures specially formulated for the decontamination of biological warfare agents, CW agents, or radioactive materials</p> <p>(xiv) Biopolymers for the detection or identification of CW agents, culture of cells used for the production of such biopolymers, biocatalysts for the decontamination or degradation of CW agents, or expression vectors, viruses, or cultures of cells that contain genetic codes required for produce production thereof</p> <p>(xv) Equipment and devices used in the production or testing of military propellants, or parts thereof</p> <p>(xvi) Equipment specially designed for the production of weapons, test devices, or parts or accessories therefor</p> <p>(xvii) Military satellites, or parts thereof</p>	
2	<p>Goods set forth below whose specifications comply with Order of the Ministry of Economy, Trade and Industry</p> <p>(i) Nuclear fuel materials or nuclear source materials</p> <p>(ii) Nuclear reactors, components or auxiliaries therefor, or power-generating or propulsion equipment specially designed for nuclear reactors</p> <p>(iii) Deuterium and deuterium compounds</p> <p>(iv) Artificial graphite (excluding those set forth in the middle column of row 4)</p> <p>(v) Equipment specially designed for the separation or reprocessing of irradiated nuclear fuel materials or nuclear source materials, or components or controllers therefor</p> <p>(vi) Equipment for the separation of lithium isotopes, or equipment for the fabrication of nuclear fuel materials</p> <p>(vii) Equipment for the separation of uranium or plutonium isotopes or auxiliaries therefor, or components thereof (excluding those set forth in (xxxi) below)</p> <p>(viii) Frequency changers usable for gas centrifuges, or components therefor</p>	All regions

- (ix) Nickel powders, or porous metals produced from such powders
- (x) Equipment usable for the production of deuterium or deuterium compounds, or components or auxiliaries therefor
- (x)-2 Equipment for the production of uranium trioxide, uranium hexafluoride, uranium dioxide, uranium tetrafluoride, uranium metal, uranium tetrachloride, plutonium dioxide, plutonium oxalate, plutonium peroxide, plutonium trifluoride, plutonium tetrafluoride, or plutonium metal, or auxiliaries therefor, or components of such equipment and auxiliaries
- (xi) Flow-forming machines for the production of gas centrifuges, or components therefor (excluding those set forth in the middle column of row 4)
- (xii) Machine tools or other equipment set forth below and used in the development and production of nuclear weapons
 - (1) Numerically-controlled machine tools
 - (2) Measuring equipment (including machine tools with a measurement function)
- (xiii) Induction furnaces, arc furnaces, plasma melting furnaces, electron-beam melting furnaces, or components or auxiliaries therefor
- (xiv) Isostatic presses, or components or controllers therefor (excluding those set forth in the middle column of row 4)
- (xv) Robots set forth below, or components or controllers therefor
 - (1) Explosion-proof robots
 - (2) Radiation-proof robots
- (xvi) Vibration test equipment or components therefor (excluding those set forth in the middle column of row 4)
- (xvii) Structural materials set forth below and usable for gas centrifuge rotors (excluding those set forth in the middle column of row 4)
 - (1) Aluminum alloys
 - (2) Carbon fibers, aramid fibers, glass fibers, or prepregs made from carbon fibers or glass fibers, or molded products made with carbon fibers or aramid fibers
 - (3) Maraging steels
 - (4) Titanium alloys
- (xviii) Metals, waste, or scraps of beryllium or beryllium alloys, or beryllium compounds, or primary or semi-finished products thereof (excluding primary or semi-finished products of beryllium oxide used in electronics parts)

- (xix) Substances used as alpha sources for the detonation of nuclear weapons, or raw materials therefor (excluding those set forth in (i) above)
- (xx) Boron-10
- (xxi) Substances used as reducing or oxidizing agents for the production of nuclear fuel materials
- (xxii) Crucibles made with materials which are corrosion-resistant against actinide
- (xxiii) Metals, waste or scraps of hafnium or hafnium alloys, or hafnium compounds, or primary or semi-finished products thereof
- (xxiv) Metals, waste or scraps of lithium or lithium alloys, lithium compounds or mixtures containing lithium, or primary or semi-finished products thereof
- (xxv) Primary products of tungsten, tungsten carbide or alloys (limited to those that have cylindrical or hemispherical shapes or a combination of both shapes)
- (xxvi) Metals, waste, or scraps of zirconium or zirconium alloys, or zirconium compounds, or primary or semi-finished products thereof
- (xxvii) Electrolytic cells for fluorine production
- (xxviii) Equipment for the production or assembly of gas centrifuge rotors, or components therefor
- (xxix) Centrifugal balancing machines (excluding single-plane balancing machines)
- (xxx) Filament winding machines, or components or controllers therefor
- (xxxi) Gas laser oscillators, solid-state laser oscillators, or dye laser oscillators usable for the separation of uranium isotopes
- (xxxii) Mass spectrometers or ion sources usable for the analysis of nuclear fuel materials
- (xxxiii) Pressure gauges or bellows valves using materials which are corrosion-resistant against uranium hexafluoride (excluding those set forth in the middle column of row 3)
- (xxxiv) Superconducting solenoid electromagnets
- (xxxv) Vacuum pumps used in separators for uranium isotopes (excluding those set forth in the middle column of row 3)
- (xxxv)-2 Scroll-type compressors or vacuum pumps that use bellows seals (excluding those set forth in (xxxv) and the middle column of row 3)
- (xxxvi) Direct current power units with lower fluctuations of voltage and current
- (xxxvii) Electron accelerators or flash X-ray generators (excluding those set forth in the middle column of row 4)
- (xxxviii) Impact testing machines using projectiles
- (xxxix) High speed cameras or components thereof

	<ul style="list-style-type: none"> (xl) Interferometers for measuring fluid velocities, pressure gauges, or quartz pressure transducers (xli) Goods set forth below and usable for the detonation or testing of nuclear weapons <ul style="list-style-type: none"> (1) Cold-cathode tubes containing three or more electrodes (2) Triggered spark gaps (3) Assemblies with a fast high-current switching function (4) Pulse discharge capacitors (5) Pulse generators (6) Xenon flashlamp drivers (7) Components of detonators (xlii) Photomultiplier tubes with short anode pulse rise time (xliii) Neutron generators utilizing electrostatic acceleration to induce a tritium-deuterium or deuterium-deuterium nuclear reaction (xliv) Remote manipulators used in the prevention of radioactive exposure (xlv) Radiation shielding windows or frames therefor (xlvi) TV cameras or lenses therefor specially designed for protection from the influence of radiation (xlvii) Tritium, or tritium compounds or mixtures containing tritium (xlviii) Equipment used in the production, collection, or preservation of tritium (xlix) Platinized catalysts for the collection of tritium from heavy water or for the production of heavy water <ul style="list-style-type: none"> (l) Helium-3 <ul style="list-style-type: none"> (li) Primary products of rhenium, rhenium alloys, or rhenium-tungsten alloys (lii) Explosion-proof containers

- (vi) Propellants or raw materials therefor
- (vii) Equipment or tools for the production of goods set forth in (vi) above, or test equipment, or components therefor
- (viii) Continuous mixers or batch mixers (excluding those for liquids), or components therefor
- (ix) Jet mills, or equipment for the production of metal powders, or components therefor
- (x) Equipment for the production of composites, fibers, prepregs, or preforms, or parts or accessories therefor
- (xi) Nozzles used in fixing substances generated from the thermal decomposition of gas onto substrates
- (xii) Equipment for production of nozzles of rocket propulsion systems or re-entry vehicle nose tips, or process controls therefor
- (xiii) Isostatic presses or controllers therefor
- (xiv) Furnaces designed for the densification of carbon-carbon composites, or controllers therefor
- (xv) Structural materials set forth below usable for rockets or unmanned aerial vehicles
 - (1) Composites or molded products therefor
 - (2) Artificial graphite
 - (3) Powders principally made from tungsten, molybdenum, or alloys of these metals
 - (4) Maraging steels
 - (5) Austenitic-ferritic stainless steels stabilized by titanium
- (xvi) Equipment set forth below usable for rockets or unmanned aerial vehicles, or components therefor, or equipment or tools for the production of these equipment and components, test equipment, calibration equipment, or alignment equipment, or components of these equipment and devices
 - (1) Accelerometers
 - (2) Gyroscopes
 - (3) Equipment using goods set forth in (1) and (2) above
 - (4) Navigation equipment
 - (5) Magnetic director sensors
- (xvii) Flight controllers or altitude control equipment for rockets or unmanned aerial vehicles, or test equipment, calibration equipment, or alignment equipment therefor
- (xviii) Avionics equipment or components therefor
- (xix) Gravity meters or gravity gradiometers for use in aircraft or vessels
- (xx) Launch pads for rockets or unmanned aerial vehicles, or associated ground launch support equipment

	<p>(xxi) Radio telemetry equipment, radio telecontrol equipment, or tracking devices usable for rockets or unmanned aerial vehicles</p> <p>(xxii) Electronic computers on board rockets</p> <p>(xxiii) Analog-to-digital converters usable for rockets or unmanned aerial vehicles</p> <p>(xxiv) Vibration test equipment or components therefor, or aerodynamic test equipment, combustion test equipment, environment test equipment, electron accelerators usable for the development or testing of rockets or unmanned aerial vehicles, or equipment using therefor</p> <p>(xxiv)-2 Electronic computers used in designing rockets</p> <p>(xxv) Materials or equipment used in reducing the level of the reflection or emission of acoustic waves (including ultrasound; hereinafter the same), electromagnetic waves, or light, or test equipment therefor</p> <p>(xxvi) Microcircuits, detectors, or radomes usable for rockets or unmanned aerial vehicles</p>	
5	<p>Goods set forth below whose specifications comply with Order of the Ministry of Economy, Trade and Industry</p> <p>(i) Products of fluorine compounds designed for use in aircraft, satellites, or other types of spacecraft for space development</p> <p>(ii) Deleted</p> <p>(iii) Aromatic polyimide products</p> <p>(iv) Tools used in the superplastic forming or diffusion bonding of titanium, aluminum, or alloys of these metals</p> <p>(v) Alloys or powders of nickel, titanium, niobium, aluminum, or magnesium, or production equipment for such alloys or powders, or components or accessories therefor (excluding those set forth in row 2)</p> <p>(vi) Metallic magnetic materials</p> <p>(vii) Uranium-titanium alloys, or tungsten alloys (excluding those set forth in row 2)</p> <p>(viii) Superconductive materials</p> <p>(ix) Deleted</p> <p>(x) Lubricating materials mainly containing phenylene, alkylphenylene ethers, phenylene thioethers, alkylphenylene thioethers, mixtures therefor, or fluorinated silicone oils</p> <p>(xi) Vibration control liquid mainly containing dibromotetrafluoroethanes, polychlorotrifluoroethylenes, or polybromotrifluoroethylenes</p> <p>(xii) Refrigerant liquid mainly containing the monomers of perfluoro-polyalkyl ether triazines or perfluoro aliphatic ethers, perfluoroalkylamines, perfluorocycloalkanes, or perfluoroalkanes</p>	All regions

	<p>(xiii) Ceramic powders produced using titanium boride</p> <p>(xiv) Ceramic composites mainly consisting of glass, oxide, silicon, zirconium, boron carbon or nitride</p> <p>(xv) Polydiorganosilane, polysilazane, or polycarbosilazane</p> <p>(xvi) Bismaleimide, aromatic polyamideimide, aromatic polyimide, aromatic polyetherimide, thermoplastic copolymers, poly arylene ketone, polyarylene sulfide, or polybiphenyl ether sulfone</p> <p>(xvii) Fluorinated polyimides, or fluorinated phosphazene elastomers</p> <p>(xviii) Organic fibers, carbon fibers, inorganic fibers, or fibers made from materials set forth in (xvi) above, or prepregs, preforms, or molded products using these fibers, production equipment therefor, or components or accessories therefor (excluding those set forth in the middle column of row 2, row 4, and row 15)</p> <p>(xix) Boron, compounds therefor, boron carbide, compounds therefor, guanidine nitrate, or nitroguanidine (excluding those set forth in the middle column of row 2 and row 4)</p>
