

# **Ordinance for Enforcement of the Fishing Boat Act**

(Ordinance of the Ministry of Agriculture and Forestry No. 95 of August 12, 1950)

In order to enforce the Fishing Boat Act (Act No. 178 of 1950), and pursuant to the Act, Ordinance for Enforcement of the Fishing Boat Act is established as follows.

## **Contents**

Chapter I General Provisions (Article 1)

Chapter II Adjustment of the Building of Fishing Boats (Articles 2 to 7)

Chapter III Registration of Fishing Boats (Articles 8 to 14)

Chapter IV Inspections Concerning Fishing Boats (Articles 15 to 22)

Chapter V Examinations Concerning Fishing Boats (Articles 23 and 24)

Chapter VI Designated Certifying Agencies and Designated Validating Agencies

Section 1 Designated Certifying Agency (Articles 25 to 34)

Section 2 Designated Validating Agency (Articles 35 to 44)

Chapter VII Miscellaneous Provisions (Articles 45 and 46)

Supplementary Provisions

## **Chapter I General Provisions**

(Definitions)

- Article 1 (1) The term "Length of a Boat" used in the Fishing Boat Act (hereinafter referred to as the "Act") means, on the upper-deck beam, the horizontal distance from the front surface of the bow to the back surface if the boat has a rudder post, or to the middle of the rudder stock if the boat does not have a rudder post.
- (2) The term "Width of a Boat" used in the Act means, at the widest part of a boat, the horizontal distance from the outer surface of the rib to the exterior surface.
- (3) The term "Depth of a Boat" used in the Act means, at the middle of the Length of a Boat, the vertical distance from the upper surface of the keel to the upper surface on the boat's side of the upper-deck beam.
- (4) With regard to boats without a deck, the upper surface of the edge of the boat is deemed as the upper surface of the upper-deck beam.
- (5) With regard to boats with special structures not provided in the preceding paragraph, the Length, Width, and Depth of a Boat mean the distance according to the provisions of the preceding four paragraphs, based on the

structures.

- (6) The Length, Width, and Depth of a Boat are measured in meters as a unit; a fraction less than one meter is to be rounded off to two decimal places.
- (7) The term "Horsepower of the Propulsion Engine" used in the Act means the respective plan outputs in case of diesel engines and gas turbines (in case of diesel engines with devices and seals that limit the maximum injection amount of the engine fuel to prescribed or less injection amount and with devices and seals that limit the maximum number of rotations of the engine to prescribed or less number of rotations, consecutive output examined by the Japanese Industrial Standards F4304. The same applies hereafter), the display output examined by the Japanese Industrial Standards F0405 in case of electric ignition engines, and the output of an electric motor in case of electric propulsion engines.
- (8) The Horsepower of the Propulsion Engine is measured in kilowatts as a unit; if horsepower is less than one kilowatt, it is to be counted as one kilowatt, and if horsepower is more than one kilowatt, the decimal points are to be rounded off; provided, however, that the Horsepower of a Propulsion Engine of fishing boats with an electric ignition engine (excluding boats that are subject to the limitation of the Horsepower of the Propulsion Engine by the Minister of Agriculture, Forestry and Fisheries or the prefectural governor pursuant to the provisions of laws (including ordinances and regulations)) is to be 30 kilowatts in case of 30 kilowatts or less, 60 kilowatts in case of exceeding 30 kilowatts but 60 kilowatts or less, 80 kilowatts in case of exceeding 60 kilowatts but 80 kilowatts or less, and 100 kilowatts in case of exceeding 80 kilowatts but 100 kilowatts or less; if exceeding 100 kilowatts, the decimal points are to be rounded off.
- (9) The term "Main Base Port" used in the Act means a single place that will serve as the principal base of operation or shipping of a fishing boat (limited to a place along surface of water where the fishing boat can be operated), and the name of the place is in the name of municipal governments (the Tokyo Metropolitan Government for the areas to which Tokyo's wards belong).

## **Chapter II Adjustment of the Building of Fishing Boats**

(Application Procedures for Permission for Building, Remodeling, or Conversion)

- Article 2 (1) The written application in Article 4, paragraph (3) of the Act is according to Appended Form 1 in case of building, Appended Form 2 in case of remodeling, and Appended Form 3 in case of conversion.
- (2) The written application in Article 4, paragraph (3) of the Act concerning building or remodeling must be accompanied by documents verifying the

contract between the boat manufacturer and the propulsion engine manufacturer or the vendor, or documents verifying the promise.

- Article 3 (1) If a person who wishes to receive an approval of business commencement prior to building a fishing boat pursuant to the provisions provided in Article 54 of the Fishing Boat Act (Act No. 267 of 1949) has attached a written statement to the effect that the person applies for permission to build the fishing boat pursuant to the provisions of Article 4, paragraph (1) or (2) of the Act to two copies of application for authorization of said business commencement, it is deemed that a submission of written application under the provisions of paragraph (3) of said Article has been made.
- (2) In the case of the preceding paragraph, one copy of a document stating the matters set forth in the respective items of Article 4, paragraph (3) of the Act must be attached to said written application, in addition to the documents prescribed in paragraph (2) of the preceding Article.

#### Article 4 Deleted

(Procedures for Permission of Change)

- Article 5 A person who intends to obtain the permission under Article 4, paragraph (6) of the Act must attach the following documents to a written application according to Appended Form 5 and submit them to the administrative agency.
- (i) if the change pertains to the total gross tonnage, Length, Width, or Depth of a Boat or the hull material, documents certifying that the contract with the boat manufacturer has been changed;
  - (ii) if the change pertains to the change of shipyard in order to differ from a boat manufacturer, documents certifying a newly concluded contract with a boat manufacturer or the promise and documents certifying a pre-change contract with a boat manufacturer or a cancellation of the promise; and, in cases pertaining to changes of boat manufacturer under the same boat manufacturer, documents certifying that effect; or
  - (iii) if the change pertains to the types or horsepower, or the number of cylinders or the diameter of a propulsion engine, documents certifying that the contract with the manufacturer or vender of the propulsion engine has been changed.

(Procedures for Extension of the Period)

- Article 6 A person who intends to apply for an extension of the period under the provisions of Article 6, paragraph (2) of the Act must submit to said administrative agency the written application stating the reasons for the

extension of the period together with the documents certifying the reasons.

(Procedures for Approval)

Article 7 (1) The certification under the provisions of Article 8 of the Act concerning a powered fishing boat pertaining to the permission of the Minister of Agriculture, Forestry and Fisheries under the provisions of Article 4 of the Act is to be given to a person who is to receive said certification, on the date and at the place designated and notified in advance by the Minister of Agriculture, Forestry and Fisheries (designated certifying agency if they deliver certification).

(2) A person who has received the permission of the Minister of Agriculture, Forestry and Fisheries under the provisions of Article 4 of the Act must, when the powered fishing boat pertaining to said permission is completed or by three weeks before the remodeling work will be completed, notify the Minister of Agriculture, Forestry and Fisheries (designated certifying agency if they deliver certification) of the scheduled completion date as well as the place and the date for which a certification under the provisions of Article 8 of the Act is sought.

(3) When the Minister of Agriculture, Forestry and Fisheries (designated certifying agency if they deliver certification) designates the place and date provided in paragraph (1), matters pertaining to the preceding paragraph are to be taken into consideration.

(4) When the Minister of Agriculture, Forestry and Fisheries (designated certifying agency if they deliver certification) gave a certification under the provisions of Article 8 of the Act for a powered fishing boat pertaining to the permission of the Minister of Agriculture, Forestry and Fisheries under the provisions of Article 4 of the Act, the Minister is to order the official of the minister to deliver a written notification of certification according to Appended Form 5-2 to the person who has received said certification.

### **Chapter III Registration of Fishing Boats**

(Format of the Registry)

Article 8 The Fishing Boat Registry in Article 10, paragraph (1) of the Act is according to Appended Form 6.

(Application Procedures for Registration)

Article 9 (1) The written application in Article 10, paragraph (2) of the Act is according to Appended Form 7 in case of a powered fishing boat and Appended Form 8 in case of a non-powered fishing boat.

(2) The written application in Article 10, paragraph (2) of the Act must be

- accompanied by a written notification of permission in paragraph (5) of said Article in cases pertaining to a powered fishing boat that has received the permission under Article 4, paragraph (1) or (2) of the Act (a written notification of permission in paragraphs (5) and (6) of said Article in cases pertaining to a powered fishing boat that has received the permission under paragraph (6) of said Article), a written notification of certification as prescribed in Article 7, paragraph (4) in cases pertaining to a powered fishing boat that is to receive a notification of certification under the provisions of Article 8 of the Act (limited to the permission of the Minister of Agriculture, Forestry and Fisheries under the provisions of Article 4 of the Act), and documents certifying the registration in the Fishing Boat Registry in cases pertaining to a powered fishing boat with a gross tonnage of 20 tons or more.
- (3) The prefectural governor may require the written application in Article 10, paragraph (2) of the Act concerning fishing boats with a gross tonnage of less than 20 tons to accompany a written certificate delivered by the administrative agency that states the measure of a gross tonnage of the boat.
- (4) If an application under the provisions of Article 10, paragraph (2) of the Act is intended to transfer a fishing boat whose registration has been expired or revoked pursuant to the provisions of Article 18, paragraph (1) or Article 19 (including fishing boats whose registration is not yet expired pursuant to the provisions of Article 18, paragraph (2) of the Act) to a prefectural governor other than the prefectural governor who granted said registration, a document certifying that said registration card was returned pursuant to the provisions of Article 20, paragraph (1) of the Act must be attached.

#### (Format of Registration Card)

Article 10 The registration card in Article 12, paragraph (1) of the Act is according to Appended Form 9 in case of a powered fishing boat and Appended Form 10 in case of non-powered fishing boat.

#### (Redelivery of Registration Card)

- Article 11 (1) The owner of a registered fishing boat who has lost or damaged a registration card must, without delay, request the prefectural governor who made the registration to deliver the registration card, indicating the reason therefor.
- (2) When the user of a fishing boat who has the reason in the preceding paragraph is not the owner of the fishing boat, that user must notify the owner of that effect without delay.

#### (Procedures for Validation)

Article 11-2 (1) The validation under the provisions of Article 13 of the Act for a

registered fishing boat and registration card is to be given to a person who is to receive said validation, on the date and at the place designated by the prefectural governor (designated validating agency if they deliver validation; hereinafter the same applies in this Article).

- (2) A person who has received a registration card pursuant to the provisions of Article 12, paragraph (1) or Article 17, paragraph (3) of the Act must notify the prefectural governor of the place and the date for which a validation under the provisions of Article 13 of the Act is sought one month before the day on which five years have elapsed from the day of delivery of the registration card (in case of delivery of the registration card under the provisions of Article 17, paragraph (3) of the Act, limited to those receiving on-site inspections under the provisions of Article 50, paragraph (1) of the Act for said fishing boat upon said change; the same applies in the following paragraph) or the day of validation.
- (3) When designating the place and the date in paragraph (1), the prefectural governor is to take into consideration matters pertaining to the notification in the preceding paragraph. In this case, the period must not exceed six months from the day when five years have elapsed from the day of delivery of the registration card or the day of validation.
- (4) When the prefectural governor has conducted validation for a registered fishing boat and a registration card pursuant to the provisions of Article 13 of the Act, the governor must affix the seal of validation under Appended Form 10-2 to said registration card.

#### (Cases Where It Is Not Required to Keep a Registration Card)

Article 12 Justifiable grounds prescribed in the proviso to Article 15 of the Act fall under any of the following items:

- (i) when the registration card remains effective pursuant to the provisions of Article 18, paragraph (2) of the Act and said registration card is attached to apply for registration;
- (ii) when a built or remodeled fishing boat is brought to the Main Base Port for the first time after it was built or remodeled; or
- (iii) when a boat other than a fishing boat is converted into a fishing boat during a voyage and the boat is brought to a port in Japan for the first time after the conversion.

#### (Registration Number)

Article 13 The registration number in Article 16 of the Act is to be numbered pursuant to the Annex; the number must be clearly displayed at the most visible place pursuant to Appended Form 11, such as a boat's bridge, the external surface of both sides of the bow and so forth.

(Procedures for Registration of Change)

- Article 13-2 (1) The application for registration of change in Article 17, paragraph (1) must be made in writing.
- (2) The document in the preceding paragraph must be accompanied by a written notification of permission in paragraph (5) of said Article in cases pertaining to a powered fishing boat that has received the permission under Article 4, paragraph (1) or (2) of the Act (a written notification of permission in paragraphs (5) and (6) of said Article in cases pertaining to a powered fishing boat that has received the permission under paragraph (6) of said Article), a written notification of certification in Article 7, paragraph (4) in cases pertaining to a powered fishing boat that is to receive a certification pursuant to the provisions of Article 8 of the Act (limited to those pertaining to the permission of the Minister of Agriculture, Forestry and Fisheries under the provisions of Article 4 of the Act), and documents certifying the registration in the Fishing Boat Registry in cases pertaining to a powered fishing boat with a gross tonnage of 20 tons or more (excluding those with a gross tonnage of less than 20 tons due to remodeling) that has received the permission in Article 4, paragraph (1) or (2) in order to change the Length, Width, Depth, or gross tonnage of the Boat as well as pertaining to a powered fishing boat with a gross tonnage of 20 tons or more due to remodeling.
- (3) The prefectural governor may require the document in paragraph (1) to accompany a written certificate that states the measure of a gross tonnage of the boat in cases pertaining to a powered fishing boat with a gross tonnage of less than 20 tons (excluding those with a gross tonnage of 20 tons or more due to remodeling) that has received the permission in Article 4, paragraph (1) or (2) in order to change the Length, Width, Depth, or gross tonnage of the Boat as well as pertaining to a powered fishing boat with a gross tonnage of less than 20 tons due to remodeling.

(Submission of Duplicate Copy of Fishing Boat Registry)

- Article 14 (1) The prefectural governor must create a duplicate copy of the fishing boat registry pertaining to powered fishing boats with a gross tonnage of 15 tons or more that have been registered in the preceding month and a report on registrations that have been made in the preceding month pursuant to the provisions of Article 10, paragraph (1) and Article 17, paragraph (3) of the Act, registrations that have become ineffectual pursuant to the provisions of Article 18, paragraph (1) of the Act and registrations that have been revoked pursuant to the provisions of Article 19 of the Act, and submit them to the Minister of Agriculture, Forestry and Fisheries by 10th of each month.
- (2) The prefectural governor must submit the statistical table of all fishing boats

that have been registered as of December 31 of each year to the Minister of Agriculture, Forestry and Fisheries by the end of February of the following year.

#### **Chapter IV Inspections Concerning Fishing Boats**

(Types of Inspection Matters)

Article 15 The engine in Article 25, paragraph (1), item (ii) of the Act is a propulsion engine, auxiliary engine, and air compressor; the fishing equipment in item (iii) of said paragraph is a fish finder and a centrifugal pump; the equipment for preserving the catch or manufacturing in item (iv) of said paragraph is heat-insulating equipment and refrigeration equipment for the fish hold; the electrical equipment in item (v) of said paragraph is a generator, a motor, a transformer, and a distribution board; and the navigation instruments and equipment in item (vi) of said paragraph is a magnetic compass, a marine sextant, a marine aneroid barometer, and a marine clock.

(Inspection During the Design and Work Period)

Article 16 (1) In the case provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries for the inspection during the design and work period prescribed in Article 25, paragraph (1) of the Act, the inspection of the hull is conducted at the following times, and the inspection on the matters set forth in item (ii) through (vi) of said paragraph is conducted on the date and time requested by the applicant; provided, however, that when the Minister of Agriculture, Forestry and Fisheries finds it particularly necessary, a different date and time may be assigned:

- (i) when the basic designs is completed;
- (ii) when the rib is built;
- (iii) when the shell and deck plates are furnished;
- (iv) when a water tightness test is conducted; and
- (v) when the hull work is completed.

(2) With regard to the inspection of the new design of the matters set forth in Article 25, paragraph (1), item (ii) through (vi) of the Act, notwithstanding the provisions of the preceding paragraph, the inspection should be conducted at the completion of the design and at any time of the work.

(3) The cases provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in Article 25, paragraph (2) of the Act are when the Minister of Agriculture, Forestry and Fisheries is satisfied that any inspection does not need to be conducted during the design and work on the matters set forth in paragraph (1), item (ii) through (vi) of said Article.

(Place to Conduct Inspections)

Article 17 (1) The inspection in Article 25, paragraph (1) of the Act is conducted at the place of said work (with regard to the inspection of fish finders, refrigeration equipment, and the completion of comprehensive inspection prescribed in the following Article, said fishing boat); provided, however, that if there is a specific request, the inspection may be conducted at a different place.

(2) The inspection on design and the inspection on the matters in Article 25, paragraph (1), item (vi) of the Act, notwithstanding the provisions of the preceding paragraph, these inspections is conducted at the place designated by the Minister of Agriculture, Forestry and Fisheries.

(Procedures for Request)

Article 18 (1) A person who wishes to request the inspection in Article 25, paragraph (1) of the Act must submit a written application according to Appended Form 12 if the inspection is a comprehensive inspection (meaning an inspection comprehensively conducted on all of the matters set forth in each item of said paragraph for all of the times prescribed in Article 25, paragraph (1) of the Act), Appended Form 13 in case of the inspection in item (i) of said paragraph, and Appended Form 14 in case of the inspection on the matters set forth in any of item (ii) through (vi) of said paragraph.

(2) When the Minister of Agriculture, Forestry and Fisheries finds it necessary, the written application in the preceding paragraph may be required to accompany the specification documents and drawings concerning the matters, which will be inspected.

(Format of Inspection Certificate)

Article 19 The inspection certificate in Article 26 of the Act is according to Appended Form 15.

(Copy of Inspection Certificate)

Article 20 When the applicant in the Article 25, paragraph (1) of the Act requests a copy of the inspection certificate or written inspection result, the Minister of Agriculture, Forestry and Fisheries may deliver it to that applicant.

Article 21 Deleted

(Preparation for Inspections)

Article 22 A person who requests the inspection in Article 25, paragraph (1) of the Act is to make preparations necessary for the inspection.

## **Chapter V Examinations Concerning Fishing Boats**

(Request Procedures for Design and Examination)

Article 23 (1) A request for design or examination concerning fishing boats, etc. under the provisions of Article 27 of the Act is to be made by submitting a request form to the Minister of Agriculture, Forestry and Fisheries.

(2) In the case of the preceding paragraph, the Minister of Agriculture, Forestry and Fisheries may require the requesting person to submit necessary documents.

(3) The Minister of Agriculture, Forestry and Fisheries sends the design drawings, specification documents, calculation sheets or inspection results to the requesting person, when the design or examination is completed according to the request under the provisions of Article 27 of the Act.

(Preparation for Design or Examination)

Article 24 A person who requests the design or examination in Article 27 of the Act is to make preparations necessary for said design or examination.

## **Chapter VI Designated Certifying Agencies and Designated Validating Agencies**

### **Section 1 Designated Certifying Agency**

(Application for Designation of Designated Certifying Agency)

Article 25 A person who wishes to receive the designation of a designated certifying agency pursuant to the provisions of Article 29 of the Act must attach the following documents to the written application and submit them to the Minister of Agriculture, Forestry and Fisheries or the prefectural governor:

- (i) the articles of incorporation or certificates of an act of endowment and registered matters (if the applicant is an individual, documents certifying the name and address);
- (ii) the inventory of property and the balance sheet in the fiscal year immediately preceding the business year including the date of application;
- (iii) the business plan and the income and expenditure budget in the business year including the date of application and the business years following said business year;
- (iv) documents stating the following matters;
  - (a) if the applicant is a corporation, the name and brief biography of the officers as well as of the members prescribed in Article 27 (if the member is a corporation, the name of the corporation);
  - (b) the type of powered fishing boat that is intended to conduct the operation of certification;

- (c) area where the operation of certification is intended to be conducted;
- (d) the number of powered fishing boats that may be certified in one year;
- (e) the name and brief biography of the person who carries out certification;  
and
- (f) if conducting operations other than certification, the type and overview of the operations.
- (v) documents certifying that the applicant does not fall under any of the items of Article 30 of the Act; and
- (vi) documents certifying that the applicant conforms to the standards in Article 28.

(Conditions and Number of Persons Carrying Out Certification)

Article 26 The conditions provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in Article 31, item (i) of the Act fall under any of the following items; the number of persons provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in said item is two persons:

- (i) a person who graduated from a university or college of technology under the School Education Act (Act No. 26 of 1947), a university under the old Imperial Ordinance for University (Imperial Ordinance No. 388 of 1918) or a vocational training school under the old Vocational Training School Ordinance (Imperial Ordinance No. 61 of 1903) after completing a course in engineering;
- (ii) a person who has experience having engaged in research, designing, work supervision or examination concerning manufacturing, remodeling or maintenance of boats or marine engines, marine equipment or other marine facilities for one year or longer; or
- (iii) a person who is deemed by the Minister of Agriculture, Forestry and Fisheries or the prefectural governor as having knowledge and experience equivalent to or greater than that of the person provided in the preceding two items.

(Members of Designated Certifying Agency)

Article 27 The members provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in Article 31, item (ii) of the Act are to be as prescribed respectively in those items according to the type of corporations set forth in each of the following items:

- (i) employees of General Incorporated Associations, General Partnership Companies and Limited Partnership Companies in Article 53 of the Commercial Code (Act No. 48 of 1899), and Limited Liability Companies in Article 1, paragraph (1) of the Limited Liability Companies Act (Act No. 74 of 1938);

- (ii) stockholders of Stock Companies in Article 53 of the Commercial Code; or
- (iii) persons of other corporations who are equivalent to the persons set forth in the preceding two items according to the type of said corporations.

(Standards Ensuring That Certification Will Not Be Unfair)

Article 28 The standards provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in Article 31, item (iii) of the Act are to be those set forth in each of the following items:

- (i) not unjustly treat specific persons in a discriminatory manner;
- (ii) not affected by business relationships or other interests with the person who obtains a certification; and
- (iii) in addition to what is set forth in the preceding two items, no risk of causing hindrance to the fair implementation of certification.

(Mutatis Mutandis Concerning Renewal of Designation of Designated Certifying Agency)

Article 29 The provisions of Article 25 to the preceding Article apply mutatis mutandis to the renewal of the designation of a designated certifying agency under the provisions of Article 33, paragraph (1) of the Act. In this case, the term "Article 29 of the Act" in Article 25 is deemed to be replaced with "Article 29 of the Act as applied mutatis mutandis pursuant to Article 33, paragraph (2) of the Act," the term "Article 31, item (i) of the Act" in Article 26 is deemed to be replaced with "Article 31, item (i) of the Act as applied mutatis mutandis pursuant to Article 33, paragraph (2) of the Act," the term "Article 31, item (ii) of the Act" in Article 27 is deemed to be replaced with "Article 31, item (ii) of the Act as applied mutatis mutandis pursuant to Article 33, paragraph (2) of the Act," and the term "Article 31, item (iii) of the Act" in the preceding Article is deemed to be replaced with "Article 31, item (iii) of the Act as applied mutatis mutandis pursuant to Article 33, paragraph (2) of the Act."

(Report of Certification by Designated Certifying Agency)

Article 30 When having carried out a certification, a designated certifying agency must submit a duplicate copy of the written notification of certification according to Article 7, paragraph (4) to the Minister of Agriculture, Forestry and Fisheries or the prefectural governor without delay.

(Matters to Be Included in Operational Rules of Designated Certifying Agency)

Article 31 The matters to be provided in operational rules in Article 37, paragraph (2) of the Act are as follows:

- (i) the type of powered fishing boat for which the operation of certification is conducted;

- (ii) matters concerning the area where the operation of certification is conducted;
- (iii) matters concerning the time and holidays of the operation of certification;
- (iv) matters concerning methods of performing the operation of certification;
- (v) matters concerning delivery of a written notification of certification;
- (vi) matters concerning organizations that carry out the operation of certification;
- (vii) matters concerning selection and removal of persons who carry out certification;
- (viii) in case of collecting fees, matters concerning methods of the collection; and
- (ix) in addition to what is set forth in the preceding items, matters necessary for the operation of certification.

(Books of Designated Certifying Agency)

- Article 32 (1) A Designated Certifying Agency must preserve the books containing the matters set forth in the following paragraph until the day on which six years have elapsed from the end of the business year in which the day of carrying out a certification falls.
- (2) The matters provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in Article 38 of the Act are as follows:
- (i) name or address of the applicant for a certification;
  - (ii) date on which the application for a certification was received;
  - (iii) the following matters pertaining to the powered fishing boat that has received a certification:
    - (a) number and date of the permission under the provisions of Article 4 of the Act;
    - (b) name of the boat;
    - (c) type of fishery or usage, the fishing area and the Main Base Port;
    - (d) gross tonnage;
    - (e) Length, Width and Depth of the powered fishing boat;
    - (f) hull material;
    - (g) name and location of the shipyard; and
    - (h) type, horsepower, number of cylinders and cylinder diameter of the propulsion engine.
  - (iv) name of the person who carried out a certification; and
  - (v) date and location that a certification was carried out.

(Notification of Suspension or Discontinuance of Operation of Certification)

Article 33 With regard to the notification in Article 40, paragraph (1) of the Act, a written notification according to Appended Form 16 must be submitted to the

Minister of Agriculture, Forestry and Fisheries or the prefectural governor three months prior to the day when all or part of the operation of certification will be suspended or discontinued.

(Succession of Operation of Certification)

Article 34 In the case provided in Article 45, paragraph (3) of the Act, a designated certifying agency must carry out the following matters:

- (i) succeed the operation of certification that is to be succeeded to the Minister of Agriculture, Forestry and Fisheries or the prefectural governor;
- (ii) deliver the books and documents concerning the operation of certification that is to be succeeded to the Minister of Agriculture, Forestry and Fisheries or the prefectural governor; and
- (iii) carry out matters that are deemed necessary by the Minister of Agriculture, Forestry and Fisheries or the prefectural governor for succession of operation of certification.

## **Section 2 Designated Validating Agency**

(Application for Designation of Designated Validating Agency)

Article 35 A person who wishes to receive the designation of a designated validating agency pursuant to the provisions of Article 46 of the Act must attach the following documents to the written application and submit them to the Minister of Agriculture, Forestry and Fisheries or the prefectural governor:

- (i) the articles of incorporation or certificates of an act of endowment and registered matters (if the applicant is an individual, documents certifying the name and address);
- (ii) the inventory of property and the balance sheet in the fiscal year immediately preceding the business year including the date of application;
- (iii) the business plan and the income and expenditure budget in the business year including the date of application and the business years following said business year;
- (iv) documents stating the following matters:
  - (a) if the applicant is a corporation, the name and brief biography of the officers as well as of the members prescribed in Article 37 (if the member is a corporation, the name of the corporation);
  - (b) type of the fishing boat that is intended to conduct the operation of validation;
  - (c) area where the operation of validation is intended to be conducted;
  - (d) the number of boats that may be validated in one year;
  - (e) the name and brief biography of the person who carries out the validation;
- and

- (f) if conducting operations other than the validation, the type and overview of the operations.
- (v) documents certifying that the applicant does not fall under any of the items of Article 30 of the Act as applied mutatis mutandis pursuant to Article 47 of the Act; and
- (vi) documents certifying that the applicant conforms to the standards in Article 38.

(Conditions and Number of Persons Carrying Out the Validation)

Article 36 The conditions provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in Article 31, item (i) of the Act as applied mutatis mutandis pursuant to Article 47 of the Act fall under any of the items of Article 26; the number of persons provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in said item are two persons.

(Members of Designated Validating Agency)

Article 37 The members provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in Article 31, item (ii) of the Act as applied mutatis mutandis pursuant to Article 47 of the Act are to be as prescribed respectively in those items according to the type of corporations set forth in each of the items of Article 27.

(Standards Ensuring That the Validation Will Not Be Unfair)

Article 38 The standards provided by Ordinance of the Ministry of Agriculture, Forestry and Fisheries in Article 31, item (iii) of the Act as applied mutatis mutandis pursuant to Article 47 of the Act are to be those set forth in each of the following items:

- (i) not unjustly treat specific persons in a discriminatory manner;
- (ii) not affected by business relationships or other interests with the person who obtains the validation; and
- (iii) in addition to what is set forth in the preceding two items, no risk of causing hindrance to the fair implementation of the validation.

(Mutatis Mutandis Concerning Renewal of Designation of Designated Validating Agency)

Article 39 The provisions of Article 35 to the preceding Article apply mutatis mutandis to the renewal of the designation of a designated validating agency under the provisions of Article 33, paragraph (1) of the Act as applied mutatis mutandis pursuant to Article 47 of the Act.
